THE CARMEL SPECTATOR

MONTEREY PENINSULA'S ILLUSTRATED WEEKLY NEWSPAPER

VOL. 5, NO. 20 CARMEL, CALIFORNIA, MARCH 9, 1951 TEN CENTS

SPECTATOR TRAVEL CLUB

A $1500 Travel Club is being launched throughout the Carmel and Monterey Peninsula area by THE CARMEL SPECTATOR in which an all-expense tour to Honolulu--or cash equivalent--is the First Grand award. This means transportation, hotel bills, meals and sightseeing tours while in the Hawaiian Islands, all first class and all paid by THE SPECTATOR.

More details will be given next week as negotiations are just now being completed for the trip-of-a-lifetime for some fortunate Club Member.

Membership in this Club is free. All one has to do is to clip one of the nomination blanks (found in the page advertisement in this week's paper) and send or bring it in to THE CARMEL SPECTATOR office between Dolores and San Carlos on 7th Street, formerly the Railway Express office. Mailing address is Box AO, Carmel.

Everyone in the Monterey Peninsula area is eligible to try for one of the grand awards, and the other awards will be distributed according to the district in which the candidates reside.

The territory has been divided into four districts in order to assure Club Members of awards regardless of where they live.

Carmel, within the city limits, is District One; Carmel Unincorporated and Carmel Highlands is District Two; Pebble Beach and Del Monte Forest Area, within the gates, is District Three, and District Four is other Monterey Peninsula regions (Pacific Grove, Monterey, Seaside, Fort Ord area and Carmel Valley.

There are two awards for each district after the grand prizes are awarded, $100 and $50 in each district.

Those not securing an award will be paid 50 cents on each paid subscription turned in by them.

Subscriptions constitute the basis of votes for the club members, by which they secure the awards.

Subscription money alone, if one does not secure an award, is well worth working for, as a nice sum may be realized. This is Carmel's picture paper... and it is easy to sell "Your home town paper."

Realizing that a large number of newcomers have recently moved into the region, THE CARMEL SPECTATOR is eager to have these new residents become acquainted with this newspaper that readers find absorbingly interesting, with its fascinating scenic pictures and pictures of local residents and visiting celebrities.

Miss Oma Perry, well known throughout California for her fair and impartial manner of conducting Circulation Clubs, will direct this campaign.

This is the second time Miss Perry has worked in Carmel.

She will have headquarters at THE SPECTATOR office, where prospective club members may interview her daily beginning Saturday, March 10, between 9 and 10 a.m. and 4 and 5 p.m., and all day Tuesdays. Interviews at othertimes may be arranged by appointment; or anyone interested may call 7-6451 and a representative will call upon them without obligation.

The Travel Club Rules are published on another page with detailed information. It is recommended that persons desiring to join The Travel Club, or friends they would like to sponsor, fill in the blanks and return them to THE SPECTATOR office as soon as possible.

No one will be allowed to commence work until Saturday morning, March 10, when the receipt books, which will be furnished free of charge to Club Members, may be secured at THE SPECTATOR office. An early start helps a lot so no one should delay.

CHRISTIAN SCIENCE LECTURE

by
Dr. Hendrik J. de Lange, C.S.B.
of New York City

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

"How will it be possible to have lives of loneliness, fear, and frustration changed into the glowing and soaring experience of truly loving and being truly loved?" was a question answered in a lecture on Christian Science. The lecture was entitled "Christian Science: The Science of Love." It was delivered in Carmel on Sunday March 4, under the auspices of First Church of Christ, Scientist, in this city. Dr. Hendrik J. de Lange, C.S.B., of New York City, was the lecturer. He is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The lecturer pointed out that Mary Baker Eddy, the Discoverer and Founder of Christian Science and the author of the Christian Science textbook, "Science and Health with Key to the Scriptures," states in her "Miscellaneous Writings" (p. 249), "Love. What a world! I am awe before it. Over what worlds on worlds it hath range and is sovereign!" And she arrives at the conclusion that God alone is Love.

The conclusion presents itself that what is wrong with us and our world, the pains and frustrations we experience in ourselves and see around us, is not in the outside things and circumstances, but comes from approaching existence from a wrong standpoint.

ARMIN HANSEN EXHIBIT DRAWS CROWDS

The superb exhibit of oils and etchings of Armin Hansen -- the largest ever shown on the Peninsula -- was drawing full gallery crowds this week at the Artists Guild of America, Inc., Galleries.

The long list of honors following the name Armin Hansen, N. A. was enough in itself to be a handsome drawing card; but it was this famous artist's paintings alone which caused the early week crowds to linger until well after scheduled closing time.

It is extremely difficult to select one or even a few of this artist's 38 oils and 35 etchings on exhibit for special mention. However, one certain eye-holder is his flaming oil titled 'War.'

This Armin Hansen exhibit is surely an outstanding exhibit of the year and a thing no art lover will want to miss.

MURDER MYSTERY AT CARMEL HIGH

"Murder in a Nunnery" will be presented Friday evening, March 16, It is produced by the graduating class of Carmel High School and directed by Mrs. Marquita Brey, English and Drama teacher at the high school.

The action takes place at a small convent school on the coast of England. Murdered is the overbearing Baroness Sleima, but nobody seems to mind her demise. Inspector Pearson, from Scotland Yards, is called in to solve the case, and from the start it is evident that he would be more at home at a cricket match or a fox-hunt. Also Sgt. Mulligan, who likes Devonshire cream and leprochauns, "the little people." They soon meet the Reverend Mother, one of those rare individuals with a great amount of poise and inward tranquility and the ability subtly to dominate any difficult situation. The Inspector is completely baffled as his solving is hampered by the cloisters and the fact that all nuns, and all students, dress alike. He is suspicious of women that enter the service, so it takes much patient explaining by the Reverend Mother to ease his mind. Finally she, not the inspector, takes charge and, following a hunch, calls a repetition of the chapel scene at which the murder took place, which proved more than the murderer's self-control could stand. But in the amazing climax a plot is revealed, and foiled, one of far more serious nature than a single murder in those early war years...

Reverend Mother is played by Katy Brania; the Inspector by Howard Viet, the Sergeant by Conrad Ege; the son of the Baroness by Al Greene, who arrives from Malta shortly after his mother's death; Mrs. Moss, a resident of the convent, Deborah Geering; Mother Peck, Pat Merivale, and some of the other leading parts by Bill White, Rod Dresser, Audrey Campbell, Sherrie Henderson, Schatzi Herron, Suzanne Smith, Marilyn Moffatt and Jan van Niel.

The play will begin at 8 P.M. at Sunset Auditorium on Friday, March 16. Tickets are $.80 for adults and $.50 for students.

What Do You Say ? WHAT DO YOU THINK OF SOCIALIZED MEDICINE ?

POLAROID One-Minute Photograph

CLARA SCHLUTTER, Army Nurse (ret): "I think it would be wonderful for the middle class person--the white collar worker. The poor will always get wonderful care and the wealthy can afford treatment.

DAGMAR RAPHAEL, private secretary: "I don't believe politics should mix with medicine. England's experimenting seemms to have been very unsatisfactory from what you read."

CLARK BRUCE, Monterey newspaper employee: "I'll take Hadacol.'

BART DOLMAN, taxi cab company manager: "I am against socialized medicine. I think doctors should charge according to a person's income as much as possible, but I don't think their personal incomes should be limited by a fixed salary. Also I think everyone should have the right to choose his own doctor."

WILL DISCUSS SUNSET AS JUNIOR HIGH

The Junior High School Child will be the topic of Stanley Milford's talk at the next Carmel PTA meeting to be held March 13,1951 8:00 p.m. in the Sunset Cafeteria. Mr. Milforn of Salinas will discuss some of the problems of junior high school programming and its advantages.

Mr. Milford is principal of Washington Junior High School, Salinas, and is perhaps the best qualified man in this area to speak on this topic. He was invited at the suggestion of Carmel's superintendent, Stewart Mitchell, who is interested in having Carmel parents become acquainted with the values and purposes of the junior high school plan. Since the master plan for this district involves making Sunset School an intermediate, or junior high, the topic is of direct interest here.

After the business meeting the nominating committee will make its report. Refreshments will be served by hostesses: Mrs. Jack Dalziel, Mrs. William Potter and Mrs. Fred Nelson.

CARMEL CIVIL DEFENSE PROGRAM EXPLAINED TO KIWANIS GROUP

Carmel's Civil Defense authorities plan to be prepared for flood, storm, earthquake, epidemics, extraordinary fire, sabotage and enemy attack, stated Captain Henry M. Gleason, USN (Ret), and Assistant Director of Civil Defense in Carmel Captain Gleason explained these preparations with the general local defense set-up as established under the Federal Defense Act, to the Kiwanis Club of Carmel at a recent luncheon.

Carmel's Civil Defense program, headed by Mayor Allen Knight, is shaping slowly to keep the drain on the taxpayer to a minimum, Captain Gleason explained. Existing authority is used wherever possible and the various civic and service organizations are cooperating to the extent now needed. The following emergencies are carefully considered: Floods, Storms, Earthquakes, Epidemics, Extraordinary Fire, Sabotage and Enemy Attack. Existing agencies are prepared to take adequate measures in case of all save the last three situations.

It is known that there are Communist sympathizers in the area. Steps are being taken to prevent and combat sabotage. The governors of the Western States have decided not to join the national program for the construction of local bomb shelters, but local authorities are listing those places which could be used for shelter in emergency. Mass care in case of extraordinary fire or enemy attack will be accomplished by local authority under the County Health Officer, the County Medical Association and the Red Cross. Mutual Aid arrangements with the County and nearby cities assure such cooperation.

Evacuation processes will probably mean an influx of evacuees to Carmel from other areas. Surveys are being made of available local shelter in homes and public buildings and all citizens will be called upon to help. Highway control will be established to prevent overcrowding of facilities.

Warden Service with a warden and a First Aid Station in each block is planned and being established. The warden will be principally for the gathering and dissemination of information. The police are training auxiliary policemen and the fire department will use high school youths as auxiliaries. All volunteer workers will be registered and a part of a ready communication system. They will also be tied in to receive Workmen's Compensation benefits in case of injury.

The County organization is set up with a paid secretary under the chairman of the Board of Supervisors. The various county officers are in charge of each appropriate branch of Civil Defense with the Fire, Police and Health Departments and the Department of Schools represented on the Planning Committee.

Carmel Unincorporated, although actually directly under the County, will work with the Carmel organization. The service organizations will be called upon from time to time for the dissemination of information and later will be asked to aid in implementing the details of organization and exercise of the whole Disaster and Civil Defense Program.

President Jack Martin pledged the full support of Carmel Kiwanis to the Civil Defense authorities.

STORM DRAINAGE REPORT BY CITY CLERK

There is a need for an expression of opinion by property owners and taxpayers of the community as to how the city can cope with the growing problem of taking care of storm water run off in times of heavy rains. A conference of members of the City Council and the Planning Commission held last week brought out the general conclusion that drainage projects should be undertaken, and the Report prepared by Neill and Bestor, Civil Engineers, indicated that it might be feasible to carry out necessary works of drainage piece meal as funds can be made available.

There was general recognition that a Storm Drainage Poject for the entire City through a Bond Issue would be too large a burden to undertake at the present time - at least no one present suggested such a course, but there was definite feeling that a great deal could be done to remedy the situation by tackling small area problems, one at a time. The suggestion of a levy of an additional tax of say four or six cents a year, to be earmarked for such needs, brought out that the whole problem could, over a span of years, be handled and disposed of. Six cents, at the present time, would raise over $5,000.00 and would be enough to lay about a thousand feet of 15" metal culvert drain with catch-pits and manholes, and such a sum would be about the amount needed to take care of particular down town problem right now. And several others were foreseen that could be done in this way, and in a few years most of the worst trouble spots would be cleaned up and maybe the whole problem disposed of without ever placing a great financial burden on anybody.

The carrying out of storm drainage works through the legal procedure of setting-up Drainage Districts and levying assessments against the property owners in those districts was discussed, but it seemed to be recognized that

OPEN LETTER

To The Editor: *March 2, 1951*

AN OPEN LETTER TO THE BOARD OF SUPERVISORS

Yesterday's news reports indicate that the great debate over what constitutes a good administrator of the County Hospital is now before you.

To us, a good administrator is one who has things so well organized and operating so smoothly that he could leave without being missed. Can anyone now say that this is the situation at the County Hospital?

It seems to us that Monterey County has been operating on an opposite theory--the theory of indispensability.

We have never regarded the idea of indispensability as sound. Over a year ago, we recommended that you secure a qualified lay administrator and place him in a position of final authority at the County Hospital. Such recommendation has been ignored.

The Grand Jury, in interim report number six, after a study of conditions at the Monterey County Hospital, now also recommends a layman, trained and experienced in hospital administration, as the executive head of the County Hospital.

Yesterday's news reports indicate that a representative of the medical staff appeared before the Board of Supervisors. In indicating that the medical staff cannot function in an atmosphere that makes the position of the medical director "untenable," does this representative speak for himself, the present administration, or the medical profession of Monterey County?

Volunteer medical staffs are found in other counties having a lay administrator. Are we to believe the medical profession in this county would strike against the county hospital over a change in administration?

A hospital in which all of the many services are operating smoothly, in which there is a delegation of of authority commensurate with responsibility, and in which the capabilities of subordinate personnel are fully developed and coordinated would be of value to the medical division of the hospital. Contrary to statements presented to your Board yesterday, there has been a decided trend in both thinking and practice toward non-medical administrators.

Leading universities have established estensive courses in this field. Numerous Hospitals, both public and private, have lay administrators with extensive practical experience to back up their training.

Tax and Administrative Research groups are generally agreed on this approach. Grand Juries in other counties have made similar recommendations from time to time.

We respectfully suggest that your Board of Supervisors not incur the added cost and ineffectiveness of compromise proposals.

Sincerely,

Board of Trustees
Monterey County Tax Council

The regular contest meeting of the Padre Trails Camera Club was held March 3 at the Sunset School. The following Awards were made: Black and White -- first place, Margaret Tinin; 1st Honorable Mention, Mrs. Jack Sullivan; 2nd Honorable Mention, Mrs. Jac Sullivan; 3rd Honorable Mention, Margaret Tinnin. AFL PICKET LINES of the culinary and bartenders local union suddenly blocking construction work on The H earthstone restaurant and cocktail lounge on Ocean Avenue, drew angry protests from owners John Geisen, Mark Thomas, and Elliott Jones. The new restaurant and lounge, formerly The Aztec Lounge, was scheduled to open Easter week after extensive alterations. Now, however, according to Thomas, it is "either sign or don't open." Union workmen left their jobs Wednesday morning when the pickets appeared.

"I told him I was just getting started and if he wanted to come back around the 20th or so, I'd be glad to talk. He (Rice) said he'd be leaving by this weekend for the South. Rice insisted on talking this weekend or he'd take measures."

"I set a definite time to talk to Rice's successor, a Mr. Hallmark--next Thursday." Thomas stated he had scheduled talks for next Thursday with union officials and was unaware that picketing was to take place until it happened.

Jan Bruno (age 5), now appearing on TV shows with his famous drums, is teamed with little Annie Luce in songs and dances at the Carmel Lions Club's 3rd Annual "Big Show", being held at the Mission Ranch, March 10, at 8:00 p.m.

VANDERBILTS VISIT CARMEL HIGHLANDS

Carmel put on its best bib and tucker last Saturday to welcome Mr. and Mrs. Cornelius Vanderbilt when they came to the Highlands Inn for a two-day b reather "between lectures."

"This is one of my favorite haunts," Mr. Vanderbilt said, as we watched from his cottage window a school of whales spouting and cavorting in the blue water below. "I used to spend months at a time here in the days of the Tickles and Tommy Fisher, and wrote several books while staying at The Highlands."

Mr. "V," gracious, suave and urbane, preferring the smog of southern California to New York sleet, makes his present home in Beverly Hills. A writer and lecturer of distinction, he is well equipped to analyze world affairs, spending every summer, armed with notebook and color camera, travelling. An education in England, 12 trips around the world, 139 Atlantic crossings, extended periods domiciling in Continental Europe, innumerable treks across the United States and other American countries, an active part in two World Wars--give him something of a background for his deductions on international problems.

His forecast is that, barring some unforeseeable "incident," there will not be another major war for five to ten years--probably not so long as Stalin lives, though there will doubtless be much peripheral fighting. We have been made monkeys of in Korea...and Russia will continue to start friction--and then show us up--in various outlying places, perhaps in India next, not with her own troops but with Chinese Communists and other satellites. She will do her best to break down morale through propaganda and sabotage, and will institute Communist uprisings in such countries as Yugoslavia, France, Italy, perhaps Mexico and Central America--where conditions are ripe."

For Stalin, with whom Mr. Vanderbilt has had some 15 personal interviews, he lacks accord but feels respect, crediting the Russian leader with being the master mind of this era (Pope Pius and Nehru being close seconds in psychological insight and know-how).

Questioned about his attitude toward the Marshall Plan, Mr. Vanderbilt said that, despite much other disagreement with them, he sides with Taft and Hoover in this matter, believing the United States to be making frightful blunders in the administration of the plan. Friendship cannot be bought with money and gifts. "Europeans, by and large, hate and distrust Americans," he claims. "They believe we are trying to superimpose our particular ideology on Europe, are making automata of her peoples, and by sending our military forces to the Continent will make it more rather than less likely that Russia will become more aggressive there... Europe wil l take what we want to give, but resent the manner in which we are doing the giving. And, they do not want Europe to be made a battleground again.

"If Roosevelt were alive he'd raise hell at the position we've got ourselves into and would order an investigation into the way our funds are being misused abroad." It is said that in Italy alone the Marshall Plan has resulted in 1700 new multi-millionaires and 17 million new Communist converts.

We give out gas for free, which the European people sell to one another, while continuing to use oil in their Diesel en gines. In Germany, tons of vegetables sent over by us were dumped into the sea because they were sent at a time when there was a great abundance being raised in Holland and distributed locally, and no more storage space was available. In France they have rid themselves of United States gifts of truckloads of bubble gum and grapefruit, neither of which the people like (a self-respecting European wouldn't be caught dead chewing gum). Germany was forced to burn several cruiser-loads of wheat-because no provision was made for stacking or storing it. And everywhere Communist saboteurs push stuff off of trains, set firebrands to it, and use the trains for other purposes.

Concluding a most interesting interview, Mr. Vanderbilt ended on a pessimistic note, making the prophecy that the next major war, when it comes, will be fought on American soil.

REPUBLICAN WOMEN ELECT NEW OFFICERS

On Tuesday, February 27, the Monterey Bay Area Republican Women held their annual election of officers. The meeting was held in the Masonic Temple in Pacific Grove. Several new members were taken into the organization.

Mrs. Albert Staton presided. New business to come before the meeting included a permanent meeting place for the organization. It was voted to meet on the first Friday of each month in the Women's Civic Club of Pacific Gro ve. Mrs. Staton introduced some new projects that are scheduled for ac tion by the new officers at the next regular meeting.

Mrs. Karl W. Hisgen, chairman of the nominating committee presented the new slate of officers who were elected unanimously. The officers for the new year include the following: Mrs. Fred W. Whitney, president; Mrs. W. W. Holling, 1st vice president; Mrs. George Jenison, 2nd vice president; Mrs. Harry C. Reavis, recording secretary; Mrs. Walter F. H. Schultz, treasurer.

Mrs. Whitney came to California from the East, and is imbued deeply with her appraisal of the Republican party and the part it has played in the history of our country. When approached to be a candidate for the presidency of this group she said she felt "it was her duty to accept and devote her efforts to the Republican cause."

Mrs. Whitney accepted the gavel of authority and gave a talk on current topics, stressing her willingness to work to strengthen the organization for its part in future politics.

She will name her various committees and chairmen at the next meeting of the organization.

DR. HEISLER TO SPEAK AT MOTHER'S CLUB

The Wayfarers Mothers' Club will meet at the home of Mrs. John

ANSWER TO THIS WEEK'S

WHO IS IT?

The "Who Is It?" for this week is Mrs. Annie G. Vaughan, president of the Carmel Woman's Club. Mrs. Vaughan, a New Yorker, has spent all but the past six years in Mt. Vernon and Mt. Kisco where her husband was a well-known surgeon. His sudden and tragic death while performing a major operation in a hospital there was the reason for Mrs. Vaughan's sojourn to Carmel to join her daughter and son-in-law, Dr. and Mrs. La Sor. Soon afterwards she was joined in Carmel by her son-in-law and daughter, Mr. and Mrs. Jimmy Griffin and their children.

Since as the daughter of a clergyman and the wife of a surgeon Mrs. Vaughan had had much experience in serving others, it was not strange that she became active in the Carmel USO. More recently she has been an enthusiastic participant in the building drive for the Church of the Wayfarer.

In 1945 she joined the Woman's Club and for the past two years has been its president. Although her term of service is up in June, she does not feel glad that it is nearly over, but, rather, that she has enjoyed every minute of it. "I never have been so active or so involved in so many things--nor so happy. And I have never known such wonderful people with whom to work."

Mrs. Vaughan's hobbies are golf and music--especially music. For several years before her marriage she trained for concert playing in both piano and organ, attending several Eastern schools of music. "I pinch-hit" at the organ at the Church of the Wayfarer now."

As a young girl Mrs. Vaughan spent several months in Europe with her father, and in later years took many trips to Panama, the West Indies, and Mexico. "But of all the places where I have been or lived, Carmel is the nicest--and its people are the 'cream of the crop.'"

PENINSULA PETS ELECT OFFICERS

Peninsula Pets, Inc. held a business meeting Sunday afternoon and elected officers for the forthcoming year. Mr. Wilfred Smith was elected president, Mrs. Betty Harrington, vice president, Miss Bess Prewett, treasurer, Mrs. Letitia E. Creed, secretary and Colonel D. P. Leininger, Mrs. Helen Green and Miss Shane Ryan, directors. After the meeting, which was held in the Little Gift Shop, on Lincoln Street opposite the Church of the Wayfarer, sandwiches, cookies and coffee were served. A vote of thanks was extended to the Carmel shops which have so generously contributed new and interesting articles for the Gift Shop to sell.

The Welfare Department took over a baby squirrel which Mrs. A. C. Sheets found in her garden last week. A home was found for the little animal with Mrs. H. A. McNally, La Punta Road, Monterey. Mrs. McNally is a nurse and she put the infant on a diet of pablum and milk and reports that it is thriving and will soon be able to join its companions in the woods.

Miss Prewett states that Peninsula Pets, Inc. is in a satisfactory state of solvency--"better than it has ever been." More volunteer workers are needed to staff the gift shop which is doing surprisingly well. The personnel at present--no one is paid--includes besides Miss Prewett and Mrs. Harrington, Margaret Clark, Mrs. Ernest W. Kelley, Angela Coyale, Shane Ryan, Rosina Bernhard, and Dr. Olive Swezey. The shop is open from 10 in the morning to 4:30 -- all proceeds are used for the spraying and care of animals. A few more workers are badly needed, especially for the mornings. The shop is warm, pleansant and the telephone number is 7-4409. Contributions are badly needed, also, for the purchase of a car.

DRAINAGE PROBLEM (cont'd)

people generally prefer to be allowed to carry out any such improvements on a voluntary rather than a compulsory basis, and that if we had an overall master plan of drainage with maps and indicated works to follow as a control, it would be available whenever any such works would be carried out, on a piece meal basis, either by property owner groups on a contributory basis, or by the city out of the proceeds of an additional annual tax.

In the latter event the start should be made to raise funds in the next rate and before any such addition were made the Council would want the people to express their views upon it. It would be possible, perhaps, to get a general public reaction on the matter at a Mass meeting in the City Hall of representative citizens and interested property owners, and the City Clerk was requested to arrange such a meeting in the near future and through prepared statements and publicity endeavor to ascertain whether action by the city council to tackle the problem would be endorsed and supported.

This is the next step and such a meeting will be called. In the meantime the City Clerk will have the Engineer's Outline Report available for examination and discussion at the City Hall.

Peter Mawdsley, City Clerk.

St. Patrick's Carnival at the Monterey U.S.O. building Friday night, March 16. Members of the Lions club will operate the booth that contains the wheel. All civic and other clubs of the peninsula are taking part in the Carnival.
